Healthcare Simulation • EMS Training • Integrated AV Systems

# WHERE INNOVATION MEETS EDUCATION

Empowering First Responders with State-of-the-Art Simulation and Training Solutions.

HealthNet Aeromedical Services  
Charleston, WV

Sunrise Health EMS  
Las Vegas, NV

UTHealth  
Houston, TX

HCA Houston Healthcare  
Houston, TX

## EMS EDUCATION

Providing consistent access to high-quality initial and recurrent education for EMS providers necessitates innovative solutions and dedicated efforts.

# HANDS-ON HEALTHCARE SIMULATION

The Mobile Training Unit is a state-of-the-art facility on wheels, offering hands-on medical training to healthcare professionals in a realistic and dynamic environment.

This innovative vehicle serves as a crucial tool in enhancing the skills and preparedness of medical personnel, ensuring they are well-equipped to handle critical situations with confidence and expertise.

Our HDTV system displays live training video footage from inside the vehicle, immersing trainees in real-world scenarios for invaluable insights into patient care.

# LIVE AUDIO & VIDEO CAPABILITIES

Our high-end A/V system, powered by SIMStation, features pan-tilt-zoom cameras to capture live EMS training, offering an immersive learning experience for medical professionals.

## INDEPENDENT POWER

The Frazer Mobile Training Unit comes standard with an independent 120V power source. The ability to power your patient compartment without running your chassis is a huge benefit.

# INNOVATION

Revolutionizing the way we prepare EMS and paramedics for real-world emergencies. Imagine a customized vehicle equipped with cutting-edge video technology and advanced analytics, providing on-hand training like never before.

This high-end system captures every critical moment during training scenarios, offering valuable insights through high-resolution video and data analytics. It enables paramedics to hone their skills in real-time, ensuring they are well-prepared to handle complex medical situations with precision and confidence.

- FULLY EQUIPPED EMS VEHICLE
- SIMStation AV SYSTEM
- SimMan 3G PATIENT SIMULATOR
- ONBOARD HDTV STORAGE
- 3 PAN-TILT-ZOOM CAMERAS

## PARTNERSHIP FROM CONCEPT TO GO-LIVE

Transverse compartment with slide-out allows for easy access to HDTV.

SimMan 3G advanced patient simulator that displays neurological symptoms as well as physiological.
